

CHARLES H. DORRIS INTERMEDIATE SCHOOL

STUDENT HANDBOOK

COLLINSVILLE BOARD OF EDUCATION PHILOSOPHY

To educate means to “bring out.” To lead students into certain paths, we must first instill the ability to understand and respect the rights of others, and to fulfill obligations as members of the community, the state, and the nation. In addition, we believe it is our task to provide each child with tools for meeting life situations, whether favorable or unfavorable, with calmness and composure. Agreeing that it is impossible to teach all on any subject, we recognize the great importance of encouraging the development of study habits and skills to promote mastery required for any vocation. We believe that our principle thrust as educators is to provide the student with the guidance and counsel to best prepare him/her for future responsibilities to self and to the society in which we live. Education for our students should ensure that each child will realize his/her full potential and take his/her place in society as a happy, useful, productive citizen and contribute something of value.

ANIMALS ON SCHOOL PROPERTY

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

ASBESTOS MANAGEMENT PLAN

ANNUAL ASBESTOS MANAGEMENT PLAN AVAILABILITY

The U.S. Environmental Protection Agency (U.S. EPA) has regulations regarding asbestos-containing materials in schools. These regulations require that all schools conduct surveys to identify the presence of asbestos in their buildings and to implement appropriate response actions

as necessary.

Also under these regulations, we are to inform annually all parents, guardians, faculty and staff of the presence of asbestos-containing building materials (ACBM) at our facility.

An inspection was performed at all schools located within Collinsville CUSD #10 furthermore, a site specific asbestos management plan was developed, reviewed by the Principal, Building and Grounds Dept. and the District Asbestos Designated Person, and has been implemented. This plan describes in detail how any asbestos exposures will be minimized.

All parents, guardians, faculty and staff or others are invited to review this plan, which is available at the School Administrative Office. Should you have any questions or desire further information, please contact the Superintendent's office.

ATTENDANCE

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Cross-reference:

PRESS 7:70, *Attendance and Truancy*

The School Code of Illinois defines chronic absenteeism as missing school for five (5) percent of the previous 180 school days. That equates to nine (9) days of absence over a 180-day period. The school will provide three (3) written notifications (to include school and community resources available) before legal action may be taken. The parent and/or student may be subject to court action. Special circumstances such as hospitalization, chronic illness etc., will be considered in this process. Collinsville Community Unit School District Ten (10) appreciates the cooperation of parents and students on this matter of vital importance to your child's education.

RELEASE TIME FOR RELIGIOUS INSTRUCTION/OBSERVANCE

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students with Reported or Documented absences or excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement within a reasonable time (usually one day for each day of absence).

ABSENTEEISM/ABSENCE REPORTING

In order for an absence to be considered recorded, a parent or guardian of a student who is going to be absent from school must notify the school by telephone. Calls to the school office should be made no later than 10:00 AM on the date of absence. The Office may be reached by calling 346-6311. An absence without proper notification to the Office will result in an absence being considered as unexcused.

The determination as to whether an absence is classified as reported, documented or unexcused is the sole responsibility of the school. The responsibility of the parent is to report the reason for the

absence. Parents are asked to submit documentation (for reported and documented absences) to the office as soon as possible.

CO-CURRICULAR ACTIVITIES - ATTENDANCE POLICY FOR STUDENT PARTICIPATION

It shall be the policy of Dorris Intermediate School that student participation in any co-curricular activity (athletics or non-athletic activities) requires a student to be in attendance a minimum of a half day on the day of the co-curricular event. Any student serving an ISS or OSS on that day shall be excluded from the activity.

ATTENDANCE POLICIES AND PROCEDURES

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, attending a military honors funeral to sound TAPS, or other reason as approved by the principal. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent or guardian is required to call the school at 346-6311 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Tardies/Early Departures: A tardy may be defined as when a student does not arrive in the classroom on time, and an early departure may be defined as when a student leaves prior to the end of the school day. Those students arriving late to school should report to the Main Office and sign in on the Late Arrival Sheet. The district provides transportation to and from school. Students/Parents who elect to use private transportation may do so; however; any late arrival resulting from the use of private transportation may be counted as a tardy. Any student arriving late to school on a school bus shall not be counted as tardy.

Tardiness is cumulative over an entire school year and correspondence will take place after 5, 10 and 15 tardies/early dismissals. Correspondence may include, but not limited to, letters of warning, meetings, sharing of available/necessary resources and/or possible court citations.

*Documented Tardies/Early Departures will **not count** towards a student's total number of tardies/early departures before receiving correspondence. A 'documented tardy/early departure' are those tardies/early departures noted by documentation. Documentation includes: 1) for personal illness – a note from a doctor or dentist; 2) for family illness/death matters – a note from a parent/legal guardian; 3) for court appearances – a document from the court system.*

Truancy: Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Any student who has accumulated ten (10) consecutive days of unexcused absence with no school contact from a parent/guardian ("lost child", whereabouts cannot be determined) shall be withdrawn from Collinsville Community Unit School District Ten (10). The District shall use his or her best efforts to notify the parent(s), guardian(s), or other person(s) who has charge of a student if the school system plans to withdraw such student (including, calling all known phone numbers, including emergency contacts, and visiting the last known address). The date of withdrawal shall be marked retroactive to the first day of the consecutive absence. If a school has been notified by a parent/guardian that a student will no longer be attending, such student shall be withdrawn from Collinsville Community Unit School District Ten (10). The date of withdrawal shall be marked retroactive to the first day of the consecutive absences. If a student with a disability has been absent without valid cause for ten (10) consecutive days, the District will convene an IEP/504 meeting to ascertain the reason for the absences, whether the nonattendance is related to the student's disability, and if appropriate, a plan to stop the reoccurring nonattendance of the student. If a school has been notified by a parent/guardian that a student will be on an extended trip taking the student out of school for more than 10 consecutive days, such student may be withdrawn from Collinsville Community Unit School District Ten (10). The date of withdrawal shall be marked retroactive to the first day of the consecutive absences.

AN ORDINANCE AMENDING THE COLLINSVILLE MUNICIPAL CODE RELATING TO TRUANCY BE IT ORDAINED BY THE CITY COUNCIL OF COLLINSVILLE THAT:

SECTION 1: The Collinsville Municipal Code is amended to add a Division 10:92 under Chapter 10 entitled "Truancy" to read as follows:

01:92-1 Truancy Prohibited. It shall be unlawful for any person enrolled in a public, private or parochial school to absent him or herself from attendance at school without parental permission. Any person, who shall so absent himself, shall be guilty of the offense of truancy and be subject to a fine not to exceed \$500 for each offense. Emergency or unforeseen absences due to illness or other causes beyond the control of the person so absenting him or herself from school without parental permission shall not constitute truancy if permission is submitted in writing to the proper school authorities within 24 hours after such absence.

01:92-2 False Excuse Prohibited. It shall be an offense under this ordinance for a parent or person in loco parentis to knowingly submit to the proper school authorities a written excuse under Section 10:921 that contain false information. A person convicted of an offense under this Section shall be subject to a fine of not more than \$500 for each offense.

SECTION 2: This ordinance shall be in full force and effect from and after its passage, recording and publication according to law. Publication shall be in pamphlet form.

EARLY DISMISSALS

Once a student arrives at school, he/she will need two types of permission to leave campus. The student will need school permission and parental permission. School permission must be acquired in advance from a school administrator. Parent permission must be given in the form of an advanced phone call or a signed and dated note from parent or guardian confirming the need to leave campus for a valid cause. The student must present a written request to the Main Office before school. The Main Office will then

present the student with an early dismissal form to be given to his/her instructor. If a written request is not given to the office on the day of dismissal, the absence will be considered unexcused until written verification is received from a parent,

BULLYING, INTIMIDATION & (SEXUAL) HARASSMENT

Students

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, immigration status, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.

2.While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.

3.Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

4.Through the transmission of information from a computer that is accessed at a non school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non school-related activity, function, or program.

Bullying Prevention and Response Plan

1. Definitions

A. Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying.

Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

C. Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

D. School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to any one of the District Complaint Managers or any staff member. 7. A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation may be treated as a serious infraction for purposes of determining any consequences or other appropriate remedial actions.

8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information may be treated as a serious infraction for purposes of determining any consequences or other appropriate remedial actions.

9. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.

10. The Superintendent or designee shall post this Bullying Prevention and Response Plan on the District's Internet website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The Bully-

12. This Bullying Prevention and Response Plan is consistent with the policies of the school board..

BUS TRANSPORTATION

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. Bus transportation is not available for students who live less than 1.5 miles from the school. A list of bus stops will be provided at centralized registration. Students are not permitted to ride a bus other than the bus to which they are assigned. Requests for transport on a bus other than the student's assigned bus will not be permitted, unless approved by the principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year. Bus safety drills will be conducted annually with all students.

In order to assist each student in being successful, consideration is given to the learning style of each individual child.

DISCIPLINE

Discipline is determined on a case-by-case basis and is at the discretion of school administrators and the board of education. The level of consequences imposed will be consistent with the Illinois School Code. Out of school suspensions and expulsions are only used for legitimate educational purposes. The district will make all reasonable efforts to resolve threats, address disruptions and minimize the length of exclusion to the greatest extent possible before discipline a student with a suspension or expulsion. The district does not allow for zero-tolerance discipline except as required by federal law or the Illinois School Code.

General Procedures for Solving School Issues

If any questions arise in regards to discipline, parties can meet with teachers at an appropriate time to discuss existing problems. If the parties are not satisfied with the teacher's decision, they can meet with the building administrator(s) to review the area of concern. If the parties are dissatisfied with the building level administrator's decision, they can meet with the Director of Student Services to review the concern. If further assistance is needed, the parties can meet with the Superintendent of Schools.

PROHIBITED STUDENT CONDUCT

Students may be disciplined for misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, or selling tobacco or look-alike tobacco products and/or materials which includes, but is not limited to lighters, matches, electronic cigarettes or e-cigarettes, etc.

Possession of Narcotics, Stimulants, Marijuana, Etc. - Resolution

Whereas, the illegal or unauthorized use, influence, sale or possession of alcohol, narcotics, stimulants, hallucinogens and depressants, including marijuana, medical marijuana [c1] and "look alike drugs," is recognized by the Board to be deleterious to the proper conduct of the schools and a danger to the safety, health and welfare of the teachers, students and administrators; and

Whereas, conduct on the part of the students in using selling or possession of such alcohol, drugs or drug paraphernalia in the schools is deemed a serious violation of acceptable standards of behavior which is detrimental to the accomplishment of the purpose of schools;

Be It Resolved by this Board of Education that it is the policy that any student found possessing, selling and/or using alcohol, unauthorized or harmful drugs, including marijuana and "look alike drugs", or possessing and/or selling drug paraphernalia on school property or transportation facilities or at an approved school activity held on non-school property may consider including a non-exclusionary form of discipline as well to ensure compliance with SB100 be suspended for a period of up to ten days and referred to the Board of Education for a hearing and possible expulsion from school for up to two years, and any evidence obtained will be delivered to local authorities for possible prosecution.

Students Under the Influence

School staff having cause to believe that a student is in possession, under the influence, or shows evidence of having used any illegal drug, alcohol or other controlled substance will immediately be reported to the principal or designee. This will be in effect not only during school hours, but also on campus at any time and at any off-campus activities officially involving CUSD 10 students.

An administrator and a designated team will conduct an assessment, which may include, but is not limited to:

1. Questioning of student regarding possible use
2. Assessment of physical symptoms
3. Standard Field Sobriety Test
4. Additional screening:
 - a. For suspected use of alcohol, a saliva or portable Breathalyzer test will be used only after visual assessment of symptoms and questioning of the student regarding possible use. This screening will be conducted by a trained staff member with a second staff member present as a witness.
 - b. For suspected other drug use, a Screening Assessment for Suspected Chemical Use will be conducted.

If screening results indicate alcohol or drug use and/or possession, the principal or designee shall contact appropriate law enforcement and parents. In implementing these procedures, the principal and/or designee shall coordinate all efforts with law enforcement officials. If possession and/or use is confirmed, discipline policies and procedures shall be followed.

Procedures for dealing with students under these circumstances may include, but are not limited to:

- A. Parent notification upon conclusion of an administrative review.
- B. Suspension from school with a recommendation to the Board of Education for expulsion.

- C. Police contact and charges filed when appropriate.

Substance Abuse Option

For certain alcohol and drug related offenses; a student may be referred to a substance abuse program. If offered this option, the student's recommended discipline may be reduced. In lieu of a recommendation for expulsion, the student and parent(s)/guardian(s) must agree to an assessment/treatment alternative. If the parent(s)/guardian(s) accept the assessment, they must consent to release information between the school district and the substance abuse program and comply with all terms and conditions as determined by the appropriate administrator. The service provider must be approved by the building principal (or designee). Parent(s)/guardian(s) must make contact within the first five days of the suspension to set up an appointment with the selected service provider and notify arrangements with the principal (or designee). Upon confirmation of the appointment, the recommendation for expulsion will be conditionally withdrawn.

After the appointment is made, the principal (or designee) must be contacted by the service provider and be notified of the initial assessment date. After the assessment is complete, the service provider must verify that the student was assessed and inform the principal (or designee) of the expected length of treatment and or education program. If treatment is long-term, the service provider must contact the principal (or designee) minimally every month to provide and updated on the student's progress. Should the student terminate treatment/education prematurely or miss more than two appointments, the principal (or designee) will be notified and the recommendation for expulsion shall be renewed. When treatment/education is completed the service provider will send the principal (or designee) a final report verifying that treatment has been completed in addition to any other appropriate information. Any second drug/alcohol violation during a student's intermediate school career will result in a ten (10) day out-of-school suspension and a recommendation for expulsion with no opportunity for the assessment/treatment alternative.

NOTE: All costs associated with any assessment, education program or treatment referred to herein above shall be borne exclusively by the student and the parent(s)/guardian(s). The administration reserves the right to withhold this option and/or recommend expulsion for a first offense. The administration further reserves the right to recommend expulsion of a student who has been offered and accepted the substance abuse option if he or she commits any further Level 3 or Level 4 behavior violations.

Delivery

The delivery or receipt of delivery (or any attempt or intention to deliver or receive delivery) of any alcoholic beverage, controlled substance, look alike drug, drug paraphernalia, illicit drugs, prescription drugs, or over the counter medication in school buildings, on school buses, or on school property may result in a ten (10) day out of school suspension and recommendation for expulsion with no opportunity for substance abuse option. Delivery refers to the transfer of possession or control to another person whether or not the substance or item is in that person's immediate presence. Delivery includes, but is not limited to, any gift, exchange, sale or transfer with or without payment or consideration. There is no assessment/treatment alternative for any student who delivers any of the items listed above.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District’s student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objectives and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psycho stimulant medication to the student.

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Assigned bus stop; or
5. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

DISCIPLINARY MEASURES

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

Notifying parents/guardians.

1. Disciplinary conference.
2. Withholding of privileges.
3. Temporary removal from the classroom.
4. Return of property or restitution for lost, stolen or damaged property.
5. In-school suspension.
6. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
7. Community service.
8. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
9. Suspension of bus riding privileges.
10. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
11. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
12. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
13. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

CORPORAL PUNISHMENT

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

SUPPORT SERVICES

Students suspended out of school for 4 or more days may be provided support services during the OSS as determined appropriate by the school administrators.

RE-ENGAGEMENT OF RETURNING STUDENTS

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student’s ability to be successful in school following a period of exclusion. Additional re-engagement services may be provided as deemed appropriate by school officials.

MAKE UP WORK

Students who serve out of school suspensions will have the opportunity to make up equivalent academic credit.

If a student’s absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school may not be allowed to make up missed work.

DRESS CODE / STUDENT APPEARANCE

Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment.

- Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, tobacco products, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.
- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
- Hats, coats, bandannas, sweat bands, and sun glasses may not be worn in the building during the school day.
- Hair styles, dress, and accessories that pose a safety hazard are not permitted in the classroom or during physical education.
- Clothing with holes, rips, tears, and clothing that is otherwise poorly fitting, showing skin and/or undergarments may not be worn at school.
- The length of shorts or skirts must be appropriate for the school environment.
- Appropriate footwear must be worn at all times for the safety of the student.
- If there is any doubt about dress and appearance, the building principal will make the final decision.
- Students whose dress causes a substantial disruption of school functions or endangers the health or safety of the student, other students, staff or others may be subject discipline.

EMERGENCY SCHOOL CLOSINGS

In cases of bad weather and other local emergencies, the following options are available to obtain school closing information:

AUTOMATED SCHOOL MESSENGER SYSTEM

The district uses an automated telephone system (“SchoolMessenger”) to inform parents of important information, such as school closings and emergencies. To insure you receive these au-

tomated telephone messages, please insure that your telephone number is listed accurately with your child's school office. Any telephone number changes should be promptly reported to the school office. Answering machines and voice mailboxes should be set to pick up messages after no more than 4 rings to insure delivery of automated messages to these devices.

In addition to the automated telephone system, parents and guardians are encouraged to check the district's website at <http://www.kahoks.org> for current information of interest to parents and students, including weather-related cancellations. The district considers the safety and well-being of its students and staff when considering school cancellation due to weather conditions. School closing information is posted on the district website, as well as sent via automated telephone message, as soon as a decision from the district's central administrative office has been made.

SCHOOL DISTRICT WEB SITE

www.kahoks.org - The district maintains a website which contains a great deal of valuable information for parents, students, and community. Each school also has a link from the district website. Other information includes Board policies, the school calendar, cafeteria menus, helpful educational information, and other school specific information. In accordance to the state law, the district budget is also posted on this website.

LOCAL TELEVISION AND RADIO STATIONS

Please listen to any of the following local radio or television stations to be advised of school closings or early dismissals. School closings for any reason will be announced between 5:30 am and 8:30 am. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

WEATHER CLOSURE, DELAYED STARTS AND EARLY RELEASE

Collinsville Unit #10 Schools do not take weather-related decisions lightly. As with any decision, student learning is our top priority, but student safety is always our first consideration. Here is some information about how the district balances the factors that come into play when we face a weather-related decision.

HOW WE MAKE THE CALL

The district will make the call about delaying or closing school based on reports from our bus company, weather reports, and information gathered from Unit 10 staff and municipal employees who are out driving and assessing road conditions in all parts of our school district.

We use the following criteria to make a decision:

- Safety of students.
- Impact on families in the affected areas if they must report for school.
- Areas affected - is the event district-wide, localized, or scattered?
- Ability of buses to get to students.

CLOSURES, DELAYED STARTS AND EARLY RELEASE

The district has three options in the event of bad weather. The district could close the schools altogether, delay the opening of school for two hours or release/dismiss students early. School release, delay and closure information is relayed in a variety of ways:

The district instantly publishes the information through

- phone messaging system
- television
- district web site (If you have Internet access, the link to weather-related closure information is www.kahoks.org. The site is available 24 hours a day.)

In the rare event Unit 10 calls a 2 hour late opening, school will start 2 hours later than your normal bell time. For example if your normal bell time is 8:00 AM, your scheduled late start time is 10:00 AM. The morning bus routes will run 2 hours later than normal. The school day will end at their normal times.

Once children are in school, approximately two hours are required to get the last child home after a decision is made to close schools. For this reason, it is unlikely school will be canceled once classes are in session. However, when conditions dictate an early release, school will be dismissed. The School Messenger calling system will notify parents of any early school dismissal. It is also a good idea to check updates posted on the local television stations any time weather conditions are changing or in question. The district website will carry early school dismissal information as soon as decisions are made.

It is very important that parents have plans for younger children when school is dismissed early. In the event that the district releases students early due to weather, please communicate with the school if alternate student pick-up plans are made. Please insure children dress for protection against prolonged exposure to the weather as a safety precaution.

FEES, FINES AND CHARGES; WAIVER OF STUDENT FEES

The District establishes fees and charges to fund certain school activities. All students are charged Instructional Materials and Technology Usage Fees. Fees are subject to change at the beginning of each new school year. Detailed fee information will be available during the registration process. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

In accordance with Illinois law, it is the policy of the district that no discrimination or punishment of any kind, including the lowering of grades or exclusion from classes, may be exercised against a student whose parents or guardians are unable to purchase required textbooks or instructional materials or to pay required fees.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

Additional consideration will be given where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The parent/guardian will be notified promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

FAILURE TO PAY FEES; COLLECTION

To maintain the quality of our educational programs, Collinsville School District will make every effort to secure payment of student fees from each parent/guardian who is able to pay.

Collinsville School District participates in the Illinois Local Debt Recovery Program, established to collect outstanding debt in coordination with the Illinois Comptroller's Office.

FIELD TRIPS

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline and/or exclusion from future trips. Any decision to exclude a student from future trips will be made by the building principal.

All students are required to ride Collinsville CUSD #10 buses to and from the field trip destination and are expected to obey all of the bus and field trip rules. It is up to the discretion of the teacher to determine who and how many adult chaperones will accompany the class on the field trip. Adult chaperones are not permitted to have any other children accompany the field trip. Children are expected to remain at school until dismissal time, not at the end of the field trip.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

GRADING & PROMOTION

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing.

In Collinsville CUSD #10, successful completion of the curriculum in grades 5-6 means a student attained a final grade above an "F" in both reading and math. In grades K-4, students must attain a final rating higher than "Beginning" in reading and math. If a child receives an "F" as a final grade in reading and math (or "B" for grades K-4), he/she will not be promoted to the next grade level unless a remedial plan is successfully completed. Summer school is the final option of the remedial

plan.

A student will not be promoted based upon age or any other social reason not related to academic performance.

GRADE PLACEMENT

Collinsville Community Unit School District #10 reserves the right to test or place on probation for thirty (30) days, any student transferring into the Collinsville School District for purposes of grade placement.

HEALTH SERVICES

School Health Services provide emergent/urgent nursing assessment, first aid care, medication administration, vision/hearing screening/referral, and health record maintenance, and IEP related assessments through the health office. The health and welfare of every student is important. Regardless of the nature and extent of a student's illness or injury, it should be reported to the nurse. Staff members can refer students to the nurse's office and students can refer themselves by requesting a pass from a staff member. Parent/guardian notification will be based on nursing assessment and the nurse's/principal's discretion.

Absence – Codes related to health services

MN Medical Non-Compliance

This code will be used when a student is excluded from school due to not providing their physical examination and immunization requirements

The school nurse will let the school secretary know when this is applicable

This will count in the truancy letters

DA Documented Absence

Absences that occur due to personal illness, serious family illness, the death of an immediate family member and/or court appearances.

This code will also be used in cases where a school nurse has to send a student home for illness. Because the CDC recommends that students not return until 24 hours following fever (100 or greater)/diarrhea/vomiting, students will be given the day sent home (if these symptoms are present), and the two days following if they persist. If students are still ill with F/D/V on day 4, they must have a doctor's note to get a DA. This gives students the day sent home, and two days following to recover if necessary.

The school nurse will let the school secretary know who these students are when appli-

cable.

ACCIDENT REPORTS

If a student is seriously injured while at school or on the bus, the nurse, the teacher, the bus driver or principal will complete an accident report. The parents will be notified immediately. In the event a child is seriously injured and the parents cannot be contacted, the school nurse will be notified and after an examination and consultation with the principal, a decision may be made to have the child transported to the Emergency Room. Every effort will be made to notify the parents of the decision.

ANNUAL VISION & HEARING SCREENINGS

The Illinois Department of Public Health requires annual screenings for students in the following grades:

- Vision: Early Childhood, Pre-Kindergarten, Kindergarten, Second, Eighth, and Special Education
- Color Vision: Second
- Hearing: Early Childhood, Pre-Kindergarten, Kindergarten, First, Second, Third, and Special Education

Students may also be screened upon request of the teacher based on observable signs of vision or hearing difficulties in the classroom or upon parent request. The School Health Staff will conduct these screenings in a professional manner and results will be kept confidential. A student will not be exempt from the screening unless there is a current (within one year) doctor- written vision or hearing exam report in the child's health record. If a student meets "fail" criteria for vision or hearing screenings, the parent will be notified by phone or mail in a timely manner. If you have any questions or concerns, please call the nurse at your child's school.

AUTOMATED EXTERNAL DEFIBRILLATOR (AED)

The State requires all public indoor athletic facilities with participants of 100 or more to have AEDs. This includes schools with gymnasiums/wrestling rooms/weight training rooms/physical education classes. An AED (Automated External Defibrillator) is a device that is designed to shock a fibrillating heart back into a normal rhythm. These are safe and effective life-saving devices. There is no danger to students, staff, or visitors. No accidental shock can be given. The device will only shock a fibrillating heart. All CUSD #10 school buildings are equipped with AEDs. There are additional AEDs available for athletic practices and events. Several staff members have completed CPR/AED training. Please make your child(ren) aware that these units are in the buildings. They are housed in wall hanging cabinets and should not be tampered with by students.

COMMUNICABLE DISEASES

The school will observe recommendations of the CDC, Illinois Department of Public Health, and local health departments regarding communicable diseases. Some illnesses may require mandated reporting to the local health department by school staff.

Concussive Injuries

A concussion is a traumatic brain injury that interferes with normal brain function. Concussions can range from mild to severe and can occur in any organized or unorganized sport or recreational activity resulting from a fall or from players colliding with each other, the ground, or with obstacles. CUSD#10 has Guidelines for Concussive Injuries developed in accordance with 105 ILCS 5/10-20.53, 5/34-18.45 and based on the recommendations from IHSA and the Centers for Disease Control. Students with a concussive injury should not return to physical activity (PE/recess/practice/competition) during the same day of the injury. A physician's note and suggested activity progression should accompany a student and/or student athlete to return to school and/or physical activities.

Student athletes must comply with Illinois' Youth Sports Concussions Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in

any athletic activity, including practice or competition. A student who was removed from practice or competition because of suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the school district's return-to-play and return-to-learn protocols.

This exam may be completed within 18 months prior to the May 15 due date. The Illinois Dental Examination form must be completed to meet this requirement.

CARE OF STUDENTS WITH DIABETES

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school nurse or the school principal. Parents/guardians are responsible for and must:

1. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
2. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
3. Sign the Diabetes Care Plan.
4. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the school nurse or the Building Principal.

EMERGENCY EPIPEN-AUTOINJECTORS

There will be undesignated emergency EpiPen-Autoinjectors available in each school building to be used as needed following a school nurse or trained staff (with CPR/AED certification) assessment of a child with a suspected allergic reaction.

EYE EXAMINATION

All students entering Kindergarten or school for the first time must present proof of having an eye examination performed by an optometrist/ophthalmologist by October 15 of that school year. This exam must be completed within one year of the October 15 due date. Transfer students entering an Illinois school for the first time must present proof of having an eye examination performed by an optometrist/ophthalmologist within 30 days of registration. FOOD ALLERGY AND OTHER LIFE THREATENING ALLERGY MANAGEMENT

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your child has a life-threatening allergy or life-threatening chronic illness, please notify the Building Principal and/or school nurse.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your child has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your child can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

If your child has a life-threatening allergy, an emergency action plan and health care plan will be developed and implemented in order to provide the best care for your child. If an EpiPen-Autoinjector has been prescribed, the parent/guardian will be responsible for notifying the school principal and/or school nurse and providing the necessary emergency medication.

HEAD LICE

If the child has been found to have a head lice infestation (live bugs) the child should have limited direct contact with other students until treated, parents should be notified, and student sent home as soon as possible. Prompt treatment is recommended. If nits only are found on a student, it should be at the nurse's discretion to send the student home right away or at the end of the day (few nits that can be removed by the nurse versus numerous nits that cannot be removed in a timely manner at school). Parent notification of the affected student should be made as soon as possible. Parent notification of the affected student's classroom should be made as soon as possible in the form of a Head Lice Alert form (elementary/DIS). This notification highly encourages parents to check their children's heads, and all other children living in the home, for symptoms of head lice and to treat promptly. Upon returning to school, parents should accompany students to the health room for a head check before they enter the classroom. Parents should be aware that if live lice and numerous nits remain, a child may be sent back home. The health staff will make every effort to keep your child in school, but your cooperation is a must.

REQUIRED HEALTH EXAMINATIONS AND IMMUNIZATIONS

All students are required to present appropriate proof that the student received a health examination and required immunizations against preventable communicable diseases (including proof of one Tdap grade 6 thru 12) within one year prior to:

1. Entering Kindergarten, Pre-Kindergarten (or the first grade if not attending Kindergarten);
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must be on the Illinois Certificate of Health Examination Form including the completed diabetes screening (located on the back of the physical) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning. The health history section on the back of the physical form must be completed and signed by parent.

Failure to comply with the above requirements by October 15th of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to the religious/medical objections listed previously. New students who register mid-term (after day 1) shall have 30 days following registration to comply with the health examination and immunizations requirements. Schools follow the Illinois Department of Public Health immunization guidelines from required and recommended immunizations. NOTE: Proof of immunization against Meningococcal disease is required for students entering grades 6 and 12. Students must present an up-to-date immunization record that meets all Illinois requirements or an immunization schedule from the physician. Lack of proper immunizations is also subject to exclusion from school. Students who are not compliant with physical examination and immunization requirements and have not submitted a waiver to be exempt from immunizations will be excluded from school and will not be permitted to make-up work for academic credit for their absences. The District will also report the student as truant. If a student submits a valid waiver to be exempt from immunization and is subsequently excluded from school due to a disease outbreak or due to his/her exposure to any of the diseases for which immunization is required, the excluded student will have the opportunity to make up all missed academic work for full credit.

SCHOOL INSURANCE

School insurance is offered at the beginning of each school year. Parents are encouraged to take advantage of this offering. Envelopes for enrolling for this insurance are available at centralized registration or in the school's office.

SPECIAL NEEDS/MEDICAL CONCERNS DURING BUS TRANSPORTATION

Collinsville Unit School District #10

Emergency Medical Information for Students With Special Needs/Medical Concerns During Bus Transportation

The purpose of this form is to give school bus drivers/monitors information about children who may have special needs or medical concerns during bus transportation. However, the school bus drivers/monitors are not responsible for and will not give/monitor medications on the bus. The school bus drivers/monitors are not trained health care providers.

This form will be kept in the school nurse's office, with a student's IEP/504, with a student/s HCP, and/or at the bus company.

Student Medication Authorization Form
Student medical authorization forms can be obtained from the School Nurse's office.

COLLINSVILLE UNIT #10 SCHOOL DISTRICT MEDICATION POLICY
STUDENTS ARE NOT ALLOWED TO CARRY ANY TYPE OF MEDICATIONS WHILE IN
SCHOOL OR RIDING A SCHOOL BUS.

Students may carry medication if the physician/parent/school personnel agree that it is medically necessary for the student to carry his/her inhaler, Epi-Pen, or diabetic supplies. If it is necessary to carry these medications/supplies on the bus, an *Emergency Medical Information for Students with Special Needs/Medical Concerns During Bus Transportation* form may be completed.)

1. School personnel will not administer medication at school if arrangements can be made so that the student can receive the medication at home. Medications that can be given before and/or after school should be given at home.
2. **Epi-Pens** may be carried and self-administered by the student only if the physician indicates in writing on the medication request form that it is medically necessary that the Epi-Pen be carried by the student at all times and that the student has been instructed in the use and self-administration of the Epi-Pen and can fulfill the requirements of the procedure. (The student will be issued a permanent pass for the school year at the senior high level).

Inhalers kept in the health room must have a **pharmacy label** and/or copy of the pharmacy label and the **Student Medication Authorization Form signed by the physician and parent** on file at school.

Students who self-carry their inhaler must have a copy of the **pharmacy label** and the **Student Medication Authorization Form signed by the parent** on file at school.

An Asthma Action Plan should be provided to the District and, if provided, will be kept on file for all students who keep an inhaler in the health room or self-carry and inhaler. It is recommended to keep an extra inhaler in the health room for emergency use even if the child will self-carry an inhaler.

3. All medications administered to students during school hours must be transported to and from school by a parent or another adult acting on the parents' behalf.
4. **All requests to administer medication (prescription or non-prescription) to students must be in writing on the designated "Student Medication Authorization Form" and signed by the parent or legal guardian and the physician or appointed designee. Medication will not be administered unless a request form is properly completed and the medication is labeled. The school and district shall incur no liability as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel.**
5. All medications, prescribed by the physician, must be in the original pharmacy container. **Prescription medication must have the pharmacy label on the medication bottle, box, or administration device. Non-prescription medication must come in a new sealed container.** Any change in the dosage of the medication and/or the directions for use will require a *corrected pharmacy label* indicating the changes and a *signed note from the physician*.
6. All medications given at school require a new Student Medication Authorization Form at the start of each school year.
7. **The administration of any medication containing a narcotic is discouraged during school hours.** If a student requires medication of this type for pain, it is recommended that he/she remain at home until a milder form of medication can be used. It is highly recommended that parents do not administer narcotics before school due to safety issues at school.
8. **Cough drops are permitted at the elementary and intermediate levels (Pre-K to 6th) with a medication permission form or dated note signed by parent. All cough drops need to be in a new, sealed package.** Student will be asked to stay in the health room or supervised by the teacher in the classroom while the cough drop is administered. However, cough drops are discouraged at this grade level due to risk of choking.

9. School personnel will destroy any medication that is not removed from the school at the end of the school year.

Medicinal Marijuana

The Compassionate Use of Medical Cannabis Pilot Program Act (410 ILCS 130 et seq.) strictly prohibits the possession and use on school grounds and on school buses. A student who has been prescribed medical marijuana must provide the District with a doctor's prescription for medical marijuana. A parent or guardian may remove the student from school grounds to administer the prescribed dose of medical marijuana. The school nurse will assist with coordination and monitoring the student's use of medical marijuana.

HELP AND RESPONSE TEAM

H.A.R.T. is an acronym for "Help and Response Team", for the Collinsville Unit 10 School District. This team is activated during any *traumatic* event that causes a state of heightened emotions and interrupts the normal daily routine within a school. The H.A.R.T. members are trained staff from within the Collinsville School District. Members include administrators, counselors, social workers, psychologists, nurses, speech/language pathologists, classroom teachers and special education teachers. Each H.A.R.T. member has completed an intensive training from "The National Institute for Trauma and Loss in Children". Trained members are certified as "TLC School Specialists", and registered with the national "TLC" program.

HOME AND HOSPITAL INSTRUCTION

A student who is absent from school, or whose physician anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction and (2) for up to 3 months after the child's birth or a miscarriage.

HOMELESS CHILD'S RIGHT TO EDUCATION

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

- (1) continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
- (2) enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Assistance and support for homeless families will be coordinated by the Director of Student Services at 618-346-6350.

HOMEWORK

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

Homework is an important and necessary part of the educational process. It is intended to reinforce a lesson taught. It allows students to take advantage of resources outside the classroom and school. Additionally, homework allows for parental assistance at home so that the child gets individual assistance and attention. Finally, homework teaches responsibility.

It is not appropriate to bring homework late unless there is illness or other extreme circumstances. All assignments must be handed in when the teacher specifies that they are due. Homework will be counted toward grades and could also affect promotion to the next grade level. Students who were absent will be able to complete required homework within a reasonable amount of time (usually one day for each day of absence).

Parental support with homework is absolutely necessary. The teaching staff respectfully requests that all parents and guardians check with their child daily to guarantee that homework is complete. Communication with your child's teacher is actively encouraged if there are any questions about homework.

INDIVIDUALS WITH DISABILITIES

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

INTEGRATED PEST MANAGEMENT

Integrated Pest Management (IPM) is the practice of determining and implementing the most appropriate and least invasive techniques for controlling pests by emphasizing prevention and by employing physical, cultural, biological and only as a last resort, hazardous chemical controls. IPM is the best approach to pest control. Every effort is made to help protect the health and safety of students and staff. Illinois law requires schools to maintain a registry of parents and guardians of students and employees who have registered to receive written notification prior to application of pesticides to school buildings or provide written notification to all parents and guardians of students

before such pesticide application. Written notification may be included in newsletters, bulletins, calendars, or other correspondence currently published by the school district. The written notification must be given at least four business days before application of the pesticide application and identify the intended date of the application of the pesticide and the name of the telephone contact number for school personnel responsible for the pesticide application program. Prior written notice shall not be required if there is an imminent threat to health or property. If such a situation arises, the appropriate school personnel must sign a statement describing the circumstance that gave rise to the health threat and ensure that written notice is provided as soon as possible.

If a parent or guardian wants to be notified before a pesticide application is applied, please notify the Director of Building and Grounds at 201 West Clay St, Collinsville, IL 62234. Please include the student's name, school the student attends, parent/guardian name, address and telephone number. Any questions call the Director at 618-346-6350, ext. 292.

Pesticide applications will take place on the 3rd Friday of each month after school is out for the day, on an as needed basis.

Collinsville Unit 10 is aggressively working toward the reduction of pesticides with the implementation of an Integrated Pest Management (IPM) Program and will use the lowest risk factor chemicals that are available.

INTERNET ACCEPTABLE USE AND TECHNOLOGY

The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

3. Downloading of copyrighted material for other than personal use;
4. Using the network for private financial or commercial gain;

5. Do not use the network in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the network to be private property.

No Warranties - The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

If possible, the notice should also include the Web address of the original source.
2. Students engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.

2. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the school district's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.
4. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's

The grade-level resources contained in the Media Center are categorized based on the content of the resource. Parents/guardians are encouraged to be actively aware of the reading material selected by their child. As stated in the ALA's Library Bill of Rights, only parents/guardians maintain the right and responsibility to restrict access of their child to library resources including inter-library loan selections (Section 53.1.4). Please contact the librarian (mhayman@kahoks.org) for help in monitoring what your child reads.

PARENT TEACHER CONFERENCES

Communication between the home and school is essential in order to provide the best opportunities for the children in our district. Conferences are scheduled throughout the school year, but please do not feel these are the only times you may confer with your child's teacher. When the need arises, please call the school in advance to schedule a meeting with the teacher. Most problems that students experience in school can be resolved easily when parents and teachers communicate at the first sign of a problem.

PHYSICAL EDUCATION

Physical education instruction is an integral part of a child's growth and well-being. All students are expected to participate in the P.E. classes. Students should wear tennis shoes in order to participate in PE classes. Students may also be excused from physical education courses based on medical or religious prohibitions. Excusal requests based on medical prohibitions must be in writing and must include a signed statement from a person licensed under the Medical Practices Act corroborating the medical basis for the request. Excusal requests based on religious prohibitions must be in writing and must include a signed statement from a member of the clergy corroborating the religious basis for the request. Excusal requests based on medical or religious prohibitions will be reviewed on an individual basis in accordance with State and Federal law.

A student who is eligible for special education may be excused from physical education courses in either of the following situations: 1) He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or 2) He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee. A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

At times, Collinsville School District has the opportunity to publish the achievements of students at

school. Some examples of these activities may include; everyday classroom activities, special awards or projects, school picnics, interviews by the media, etc. Publications may occur through school or district Webpages, newspapers or other media. It is the intent of the Collinsville School District to protect all students from harm or injury. If you do not wish your child's picture or student produced materials to be used for this purpose, or you wish to have your child's name omitted, please send a letter outlining your request to the, Director of Technology, Collinsville CUSD #10, 201 West Clay Street, Collinsville, IL 62234.

REPORT CARDS

Report cards are issued every nine weeks. Please review your child's progress carefully and contact the teacher if you have any questions. Report cards must be signed and returned to school each of the first three grading periods.

SAFETY DRILL PROCEDURES AND CONDUCT

Safety drills will occur at times established by the building principal. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) lockdown drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration.

References:
PRESS 4:170, <i>Safety</i>
PRESS 4:170-AP1, <i>Comprehensive Safety and Crisis Program</i>

The following emergency situation procedures will be followed:

FIRE

Fire drill information and evacuation routes are posted in each room. In the event of an actual fire drill, the teacher in each classroom will give the students specific instructions to follow.

TORNADOS

In the event school authorities receive information from the Civil Defense or Weather Bureau that extremely severe weather is imminent, notification will be made from the office by announcement for the teachers to move their classes to a predetermined area. Students are to follow the specific instructions given by the teacher.

EARTHQUAKE

Because earthquakes strike without warning, life-protecting actions must be taken immediately at the first indication of ground shaking. During a major or moderate earthquake, the greatest immediate hazard to people in or near a building is the danger of being hit by falling objects. During the ground shaking, the school population is safest finding immediate shelter under desks, tables, or counters.

1. Stay inside; move away from windows, shelves, and heavy objects that may fall.
2. In halls or stairways, move to an interior wall. Turn away from windows.
3. In laboratories and kitchens, all burners should be extinguished before taking cover.
4. If outdoors, move to an open space away from building and overhead power lines. Lie down on the ground.
5. Do not leave school grounds without permission.

INTRUDER/LOCKDOWN

Lockdown procedures are set in place to respond to situations in which the students and staff are or may be in danger. Lockdowns are used for all hazards, such as medical emergencies, bomb threats, outside safety hazards, police related situations, etc. They are also used for worse case scenarios, such as an intruder: a person inside the school that poses a threat, either real or perceived, to others. Drills are announced, planned, and coordinated during the most controlled times of the school day. Once a year, they are conducted in conjunction with the local police department to ensure communication between the school and law enforcement.

SEARCH AND SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

SCHOOL PROPERTY AND EQUIPMENT AS WELL AS PERSONAL EFFECTS LEFT THERE BY STUDENTS

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

STUDENTS

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

SEIZURE OF PROPERTY

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

ACCESS TO STUDENT SOCIAL NETWORKING PASSWORDS & WEBSITES

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

SKYWARD FAMILY ACCESS (PARENT & STUDENT PORTAL)

Family Access is a real time district-sponsored tool for students and parents to track progress and keep current on assignments, tests and other academic activities. It may be accessed through the school district website www.kahoks.org - Parents/Students>Family Access. Activation codes will be mailed to parents and students when they enroll in the district. The activation code is designed to protect the privacy of data. Information which may be obtained through the Family Access website includes: On-line Registration, daily announcements, updated grades, attendance reports and the ability to update your School Messenger information. Dorris Intermediate School believes that communication between parents and school is critical for the success of students.

REPORT TO PARENTS

An academic report card will be available to parents/guardians at the end of each nine weeks. This report enables all concerned to see what the student has accomplished and where the student may improve. Parents/Guardians are encouraged to frequently check their child's progress throughout the year on the DIS FAMILY Access website: www.kahoks.org - Parents/Students>Family Access.

SPECIAL EDUCATION

Collinsville CUSD #10 makes special education services available to all children ages three to twenty-one that reside within our district boundaries. Services are provided in the least restrictive environment based upon the child's individual needs and can range from providing consultation to the regular classroom teacher to full-day instructional programming for the student. Collinsville CUSD #10 insures that services and programs are available for children with multiple disabilities, mild and moderate to severe and profound cognitive disabilities and physical, learning or behavioral disabilities. If necessary, students may be placed in private school education facilities if services cannot be provided within district. Related services, such as speech therapy, physical therapy, occupational therapy, adaptive physical education and counseling are also available to students who meet certain criteria and for whom an individual educational plan has been developed. If you feel your child may need special education programming, please contact your building principal or school counselor.

REFERRALS FOR SPECIAL EDUCATION

If you believe your child may have a disability, and this disability is adversely affecting your child's education performance, please contact your building administrator. Requests for evaluations must be in writing and state the reason for the referral.

CHILD FIND/SPECIAL EDUCATION REFERRAL

The school district attempts to identify, locate and evaluate all children birth through 21 who are suspected of having a disability, which adversely affects educational performance. This district participates in Starting Points, a school and family partnership, for families that are expecting a child or have children up to three years of age. Children with disabilities up to age three and in need of specialized services are referred to Child and Family Connections; an agency that coordinates needed services for the student and their families. Further child find activities include, early childhood screenings, speech and language screenings, vision and hearing screenings and teacher and/or parent referrals for case study evaluations. Screening dates for early childhood children (those children who will be three by the start of the school year up to kindergarten age) can be accessed on the district web site and the local newspapers. The early childhood screening is a free developmental check that includes gross and fine motor, cognitive, vision, hearing and speech/language screening. Children who show delays in two developmental areas may be referred for full case study evaluation for special education services.

MAINTENANCE AND DESTRUCTION OF SPECIAL EDUCATION RECORDS

Special education records (case study components, IEP's and correspondence with educational and diagnostic centers) are considered temporary records and are housed at the Special Education Offices, 123 W. Clay St., Collinsville, IL 62234. Parents of students, or students, if they have succeeded to the rights of the parents, may view or request copies of these records by contacting the Director of Special Education & Related Services at 618-343-2878.

Upon graduation or permanent withdrawal of a handicapped student, as defined in the School Code [105 ILCS 5/Art.14] and 23 Ill. Adm. Code 226, Subpart A (Special Education), psychological evaluations, special education files and other information contained in the student temporary record which may be of continued assistance to the student may, after five years, be transferred to the custody of the parent or to the student if the student has succeeded to the rights of the parents. Temporary records of those students who have permanently withdrawn or graduated from Collinsville Community Unit 10 will be destroyed after five years from the date of graduation or permanent withdrawal beginning the second week of June each year. Parents or students, if they have succeeded to the rights of the parent, are encouraged to claim these records because they may be of medical or educational benefit in the student's future. For those parents of students or students, if they have succeeded to the rights of the parents, who may wish to acquire any of these temporary records before they are to be destroyed, please contact the Director of Special Education & Related Services at 618-343-2878.

STANDARDIZED TESTING

Students and parents/guardians should be aware that students will take standardized tests annually during or around the month of March and once again during the month of April. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students to achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials, including number 2 pencils;

STUDENT PRIVACY PROTECTIONS

SURVEYS BY THIRD PARTIES

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

SURVEYS REQUESTING PERSONAL INFORMATION

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.

STUDENT RECORDS

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The student's written records are in two categories: permanent and temporary. The Permanent Record means and shall consist of the following information: 1) Basic identifying information, in-

cluding the student's name and address, birth date and place, gender, the parents' names and addresses; 2) Academic transcript, including grade, class rank, graduation date, grade level achieved and scores on college entrance exams; 3) Attendance record; 4) Accident reports and health record ; 5) Record of release of permanent record information; 6) Scores received on all state assessments tests administered at the high school level (grades 9-12); 7) Honors and awards; 8) Information concerning participation in school-sponsored activities or athletics or offices held in school sponsored organizations. No other information shall be placed in the permanent record of the student.

The Temporary Record means all information contained in a school student record but not contained in the permanent record. Such information may include: 1) Family background information; 2) Intelligence test scores, aptitude test scores from elementary and junior high school; 3) Psychological and personality test results; 4) Teacher evaluations, and other such information of clear relevance to the education of the student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educa-

tional interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

5. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

Name

Address

Gender

Grade level

Birth date and place

Parent/guardian names, addresses, electronic mail addresses, and telephone numbers

Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs

Academic awards, degrees, and honors

Information in relation to school sponsored activities, organizations, and athletics

Major field of study

Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

6. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.**¹

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.

7. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

SUICIDE AND DEPRESSION AWARENESS AND PREVENTION

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district's policy, is posted on the school district website. Information can also be obtained from the school office.

TEXTBOOKS

The textbooks used are the property of the Collinsville School District. The textbooks issued to a student become his/her responsibility until they are returned to the school. If a textbook issued to a student is lost or damaged (regardless of the reason), the student has the financial responsibility to pay the appraised price for a replacement of the lost textbook or for the repair of the damaged textbook.

TREATS AND SNACKS

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

VALUABLES

The teachers and staff cannot be responsible for valuable items brought to school by students. Students should be encouraged to leave all valuable personal items at home. Students are not allowed to trade, buy or sell personal belongings at school.

VISITORS

Visitors are welcome to Dorris Intermediate School. To ensure the safety of our students, staff and faculty, all visitors must report to the attendance office of the school building. This prevents any misunderstandings, gives the office an opportunity to assist visitors and to inform the office who is in the building. Visitors must sign in, identify the date and time of arrival, inform office personnel of their reason for being at school and present an appropriate state or government issued photo identification to be scanned by the Raptor Visitor Registration System. RAPTOR will provide a consistent system to track visitors and volunteers while protecting our children from people who present a danger to students and staff members. All school RAPTOR administrators have received training on visitor check-in procedures to ensure that all persons who are not assigned to the campus have a visitor's photo badge visible. This training is conducted by Mr. Robert Carpenter, Director of Security for Collinsville Community Unit School District. When the visitor arrives to the attendance office, he/she will be greeted and asked for photo identification. The designated staff member will scan the visitor's identification and issue a photo badge with the visitor's destination if there is no alert indicated on the database. Accepted forms of photo identification will include: driver's license, consular identification card, green card, U.S. passport card (not full passport), and military identification card. The staff member will keep the individual's identification in plain view, to reduce concerns that anyone might be copying personal information. This photo ID is scanned into the RAPTOR system and the personal information from the ID is cross-referenced against names of Registered Sexual Offenders (RSO) in a database maintained by RAPTOR Technologies, Inc. Within moments, the RAPTOR administrator will know if the visitor is an RSO. If this is the case, then guidelines are in place to positively engage the visitor and consider the validity of the request to visit the school. If this is not the case, then the system will print a visitor's pass which includes the person's name, photo, date of visit, and destination within the building. RAPTOR is only scanning the identifying information from the document, such as the visitor's name, date of birth, address and photo for comparison with a national database of registered sex offenders. Additional visitor data will not be gathered and no data will be shared with any outside company or organization. If the visitor does not have acceptable photo identification available, the campus administrator on duty (or designee) will be called to assess the situation. If he/she determines the visitor is known, the visitor's information can be manually entered by the campus RAPTOR administrator. Approved visitors without acceptable photo identification may be allowed access to areas of school business requested through escort by the campus administrator (or designee). The visitor will return to the attendance office to check-out when departing the

campus. The visitor will be instructed to give the badge back to designated office personnel to check them out of the system. Once the visitor has been signed out of the system, the badge will be torn thoroughly so it cannot be reused.

Visitors will be escorted or directed to their desired location by office staff. If parents/guardians wish to visit a classroom or talk to a teacher, arrangements should be made beforehand to assure that there is no disruption to the educational services to students. In order to limit interruption to the educational process of our students, student visitors from other schools will not be permitted.

Students who need to be picked up from school by a parent are to wait in the attendance office. The parent/guardian should come into the office to sign out their child on a list used by the school. If the student will return to school that day, he/she will be required to sign in.

VOLUNTEERS

All school volunteers, who work in the school more than three (3) times in one school year, must complete the "Volunteer Information Forms" which include Mandated Reporter, DCSF Criminal History Background Investigation, Authorization for Background Check, and Crime Conviction questionnaire and be approved by the school principal prior to assisting at the school. Forms are available in the school office. All volunteers must present a negative TB test (conducted within 1 year from the onset of volunteer duties). This document is kept on file in the school office with the volunteer's information forms and will be valid through the duration of the volunteer's duties in the school. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.
