

August 2017

Parents/Guardians:

The Collinsville High School uses the Skyward Food Service in the cafeteria. It has provided our students with an easier way to pay for their lunches.

A summary of the benefits to students and parents with this system are:

1. Parents may deposit money into the student's account eliminating the need to send cash on a daily basis.
2. Student lunch lines move faster.
3. Students are not inconvenienced with lunch tickets.
4. Student lunch status is confidential.
5. Parents will be able to view every purchase made daily through the Skyward system.
6. Students are notified at the cash register when their account is low.

You may write a check or send cash for any amount you wish to deposit. You may also deposit money through Skyward, where you may view your child's account. The money will be applied to all purchases in the cafeteria. Parents may restrict snack bar purchases. Amounts remaining in the accounts of returning students at the end of the previous school year will be rolled into their account for the following school year.

If your son/daughter has been approved for free or reduced meals, his/her food service account will automatically prepay their hot lunch. A la carte items will need to be paid for by you.

We encourage you to take advantage of this prepay option by depositing money into your son's/daughter's account. This will help speed up the lunch lines. Cash will also be accepted at the cash register.

If you have any questions, please feel free to call the Food Service Office through the CHS Main Office number at 346-6320, ext. 1148. We thank you for your cooperation.
