**STUDENT TEACHER VIDEO AND AUDIO RECORDINGS**

Collinsville Community Unit School District No. 10 routinely participates in the education of college level student teachers seeking a degree in the education field. Student teachers are required by their college coursework to create audio and video recordings of their lessons and the reactions of students to their lessons. As a result, students may occasionally appear in video recordings taken by a student teacher authorized by the Building Principal to student teach and to create video or audio recordings of student reactions.

**Confidentiality**

The video and audio recordings of District students by a student teacher are to be solely in their coursework and in furtherance of their college education. The student teacher will not release the video or audio recording except to his/her college professor. The video/audio recording is destroyed after it is reviewed by the student teacher's professor.

**Consent**

The School District must have consent from the student's parent and/or guardian prior to a student teacher creating a video or audio recording of District students for their college coursework

I acknowledge receiving and/or being provided the Policy regarding Student Teacher Video and Audio Recordings in Collinsville Unit #10 Schools. I will inform the Building Principal of the school that my child attends in writing if I do not wish my child to be video or audio recorded by the Student Teacher.
